Additional meals for your stay

Apart from a sumptuous Wedding Banquet prepared by our wonderful caterer, have you considered engaging Katrina/Caterina of Kangaroo Valley to prepare any other meals for your stay?

We have had many successful weddings where the some of the guests or the entire group had many additional meals catered for by Katrina. This can put everyone at ease and give them more time to spend together. A simple dinner on the first night can be a wonderful way to begin your weekend away.

Breakfast or lunch (perhaps just for the busy bridal party) on the Saturday morning will set up your wedding day with no effort on your part.

Brunch on the morning after your wedding celebration can be staggered, particularly suitable for those guests who choose to sleep in. This means no one misses out on breakfast, no excess food is purchased and cooked and there are no left overs or cleaning up to worry about. Katrina is always happy to discuss your requirements and to tailor meals to suit.

Katrina's fine cooking offers some incredibly good value options, so be sure to discuss these with her. We are sure your guests would be happy to pay for some additional meals and best of all Katrina and her staff will gladly serve and clean up too.
